

PCN: V14-010-476103-OA

Product Change Notice

Issue Date: 19th Dec 2014

Change Type:

Incorporate 2 changes with label for HEDR-xxx family product to improve overall product labeling robustness:

1. To proliferate new label material (thermal transfer polyester) which was used for other devices and has higher thermal properties.
2. To reduce label dimension for avoiding potential edge label peel-off.

Note: Label printed contents remained unchanged.

Parts Affected:

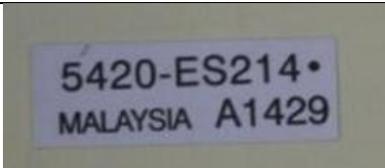

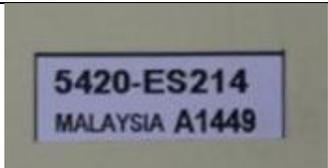

HEDR-54xx Series Reflective Housed Encoder

Please refer below part numbers to below.

Part Number	Encoder Part Description
HEDR-5420-ES214	Mini En,Set Scr,200CPR,Ears,5mm
HEDR-5421-EP111	Mini En,Press Fit,200CPR,4 mm

Description and Extent of Change:

Avago Technologies successfully qualified new label and new size dimension. The new label met the reliability requirements.

Reasons for Change:

Enhance the labeling robustness with new label material (thermal transfer polyester) and reduce label size to improve overall product labeling robustness.

Effect of Change on Fit, Form, Function, Quality, or Reliability:

No fit, form and function change. Avago Technologies will ensure that appropriate process and quality controls are in place for the new label.

Effective Date of Change:

Product shipment using this change will commence on or around December 2014.

These changes have been reviewed and approved by Avago Technologies engineers and managers per Avago Technologies procedure: Change Control and Customer Notification.

Please contact your Avago Technologies field sales engineer or Contact Center (<http://www.avagotech.com/contact/>) for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
