Product Change Notification

We previously announced that we would change the specification for the EF2-D30,60 in October, 2020. (PCN2020-15)
However, we will change the shape of the housing and end plate.
In addition, we will add two target products.

We sincerely apologize for the inconvenience this may cause.
We request that you kindly offer your consent for this matter.

1	Products affected	Please refer to Attachment 1.
2	Replacement product	Please refer to Attachment 1.
3	Classification of change	Product specification change
4	Changes	We will change the shape of the lock plate housing and end plate. Please refer to the attachment 2 for details. These changes will not affect the performances of the product.
5	Reason for change	Lock plate: To improve the operability of terminal insertion. Housing: To be able to connect between the newly developed hybrid terminal block and the existing push type terminal block. End plate: To be able to attach to both hybrid type and existing push type.
6	Date of final reception of orders for the current product	June 30, 2022
7	Date of the first reception of orders for the replacement product	January 1, 2022
8	Date of final shipment of the current product	December 31, 2022
9	About the sample	Submissions are possible after January 1, 2022.
10	Date of your acknowledgement	By December 31, 2021

We kindly request that you inform Hirose business representative of your acknowledgement by the aforesaid date.

In the absence of a response by this date, please be advised that replacement product that described above will be delivered.

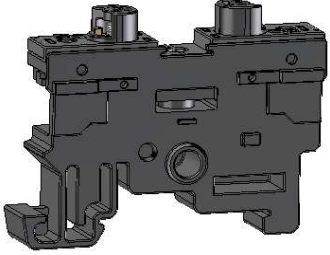

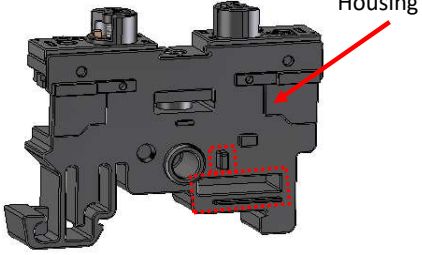

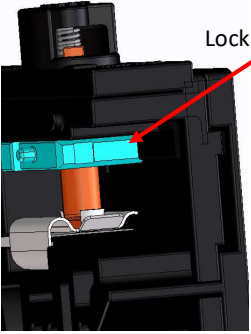

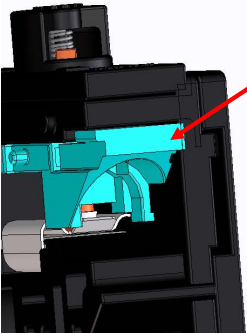

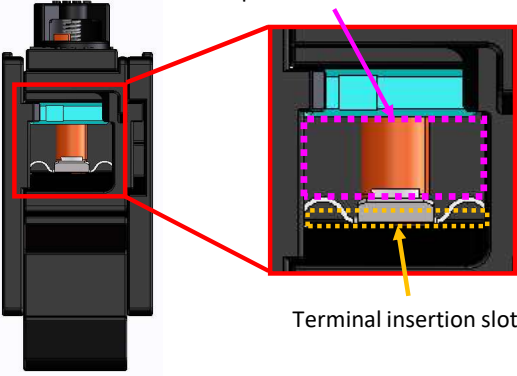

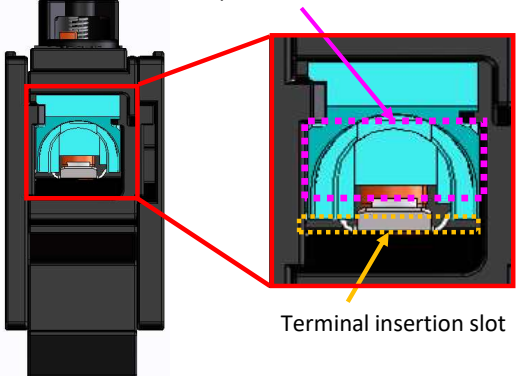

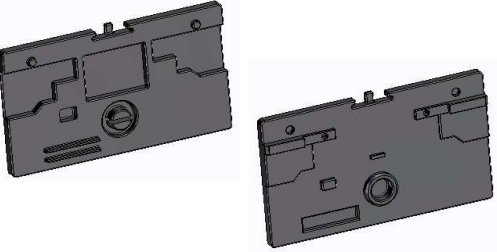

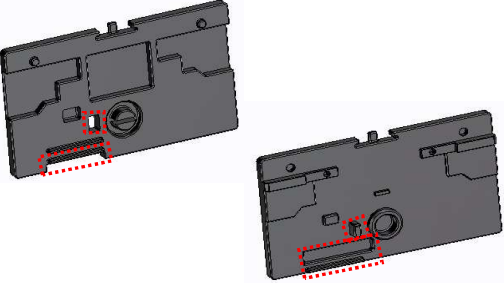

If you should have any questions, please feel free to contact a Hirose business representative.

Your understanding and cooperation are highly appreciated.
